

Proposed Zoning Associated with the Opening of Maude Moore Wood ES

- Maude Moore Wood Elementary will open in August 2019
- It is located in the southeast quadrant of the school district, in the White Rock Estates subdivision, at 6410 Morganite Lane
- When a new school is opened, an attendance zone must be established. Creating a new attendance zone causes changes to existing attendance zones for adjacent schools. In addition, this process affords the district an opportunity to relieve overcrowding situations at schools in close proximity.
- Campuses affected by this rezoning proposal are Alice W. Douse ES, Cedar Valley ES, Skipcha ES and Timber Ridge ES
- In addition, all students living in the current East Ward ES attendance zone will be temporarily enrolled and served at Maude Moore Wood ES for the next two school years while a replacement campus is built on the existing East Ward site
- Once students living in the current East Ward ES attendance zone move back to their new campus in August 2021, the final piece of this rezoning will be implemented (i.e., rezoning Plan Area 270 from Skipcha ES to Maude Moore Wood ES).
- Killeen ISD administration has proposed a set of attendance zone changes to take effect with the start of the 2019-2020 school year in August 2019
- The Killeen ISD Board of Trustees have given the administration permission to hold public hearings to explain the proposals and gather input to relay back to the Board before they make a final decision
- Affected students will be receiving letters from the district soon to inform families of the proposal and the date, time and location of the public hearings
- A map showing the proposed changes can be found on the Attendance Zones/Rezoning page of the district website
